Contact Animated Vision for details.

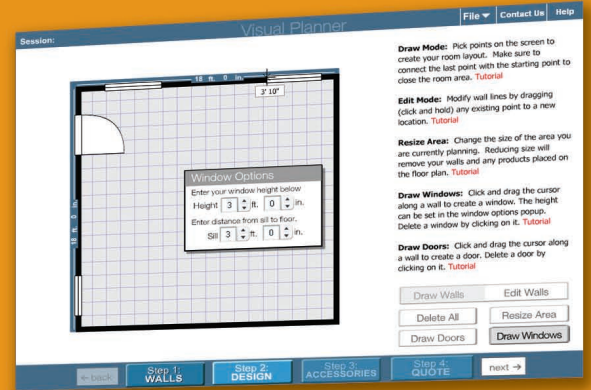

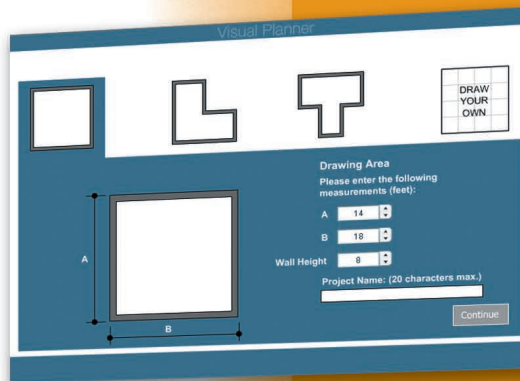

1-866-529-3920

Step 1:

Determine the overall shape and size of available space. Select from pre-designed shapes or draw your own.

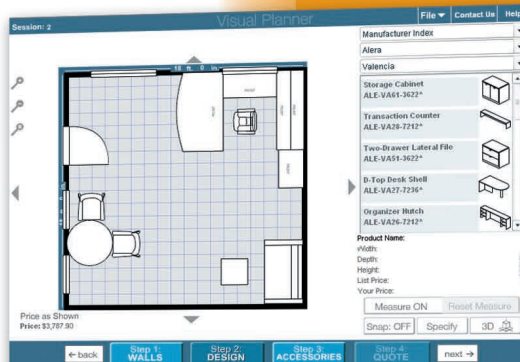

Add doors and windows as required.

Step 2:

Layout the room by dragging and dropping furniture from the library of products.

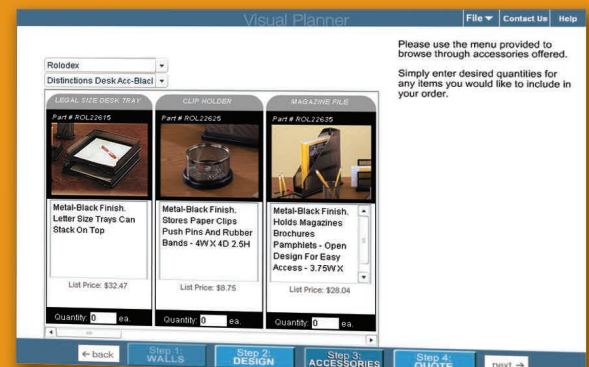

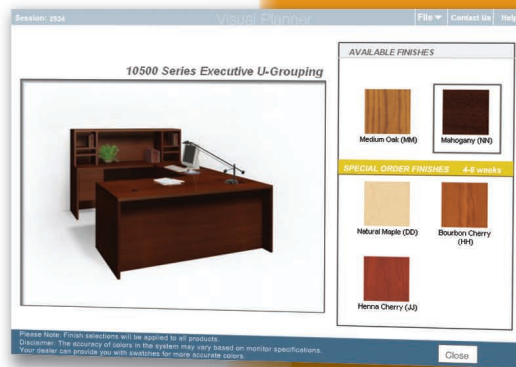

Preview the entire room in 3D.

Step 3:

Review & Specify Finish /Fabric Options using photo-realistic renderings.

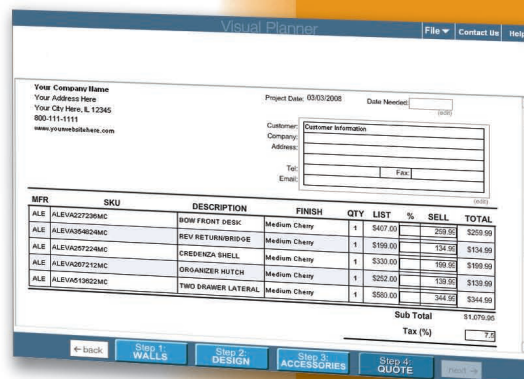

Browse through and select Accessories to be added to your order.

Step 4:

Your order is complete. System tracks all items placed in the room and generates a detailed BOM on the fly.

Print or email your proposal (PDF) including a 2D,3D view as well as the BOM.
